

Interdependence Weekend

July 3-5

Starseed Healing Sanctuary, 672 Chapel Road, Savoy, MA

hosted by Aravinda Ananda and Joseph Rotella

Join us for a weekend of exploring and celebrating our interdependence with each other as humans and with all life on this planet.

We are thrilled that we will be joined by Amina and Arif who will lead us in some Dances of Universal Peace and other beautiful offerings. Joseph and Aravinda will offer some Work That Reconnects practices and deep ecology work. Evenings will be spent around the fire telling stories and making music.

Lodging: There is plenty of room for camping. Indoor sleeping space is limited, so if you would like to sleep inside, reserve your space early.

Overnights: \$100 per night for a private room; \$50 per person per night in a shared room; \$25 per person per night for camping.

Meals: Friday dinner will be a potluck. The remaining meals will be lovingly orchestrated by Amina and Arif. Please contribute \$35 towards food costs; food planning and preparation will be on a gift economy basis.

Program: This year's program is also being offered on a gift economy basis: you choose how much you would like to pay to thank and support Starseed Healing Sanctuary and the facilitators. Gift economy will be a topic of discussion during the weekend.
